

HOW DOES CITY COUNCIL STAND?

MUST HAVE SPECIAL MEETING TO CALL FEBRUARY ELECTION.

DRYS FEAR FIVE WILL OPPOSE ADJOURNMENT

Anti-Liquor People Also Fear Change of Ownership in June, Which Would Keep Saloons Until December.

Saloons in Maryville until a year from this month is still a possibility, even if the local option election does go dry. The process is so simple that it has all of the "no-license" men of the city wearing that "worried look."

Here is the "modus operandi" which term as "Bill" Sawyers said at the Brotherhood meeting, all lawyers use and none know what it means. At any rate, here is the way the "dry" leaders believe that the "wets" are going to try to put it over.

All that is necessary to throw the liquor election over until June is for the council to refuse to adjourn to January 6. A call meeting is not legal for such a proceeding and the regular January meeting on the 7th will be too late.

It has been generally thought that the matter would become acute at the regular December meeting of the council next Friday night but the fact is that the real test of strength will come on the night of December 18. The council Friday night will vote to adjourn to that night because William Heller's saloon license expires then.

When that license has been granted on the night of December 18, the real question will arise as to whether the council will adjourn sine die to the next regular night or adjourn to the morning of January 6 for the purpose of considering a petition for the holding of a local option election.

Should five members of the council vote "no" on a motion to adjourn to the January date, no election can be held until June. On the other hand, if one of the five refuses to stand for the deal, it will be a tie vote and Mayor Wright's vote will decide for the adjournment.

Many of the opponents of the saloon would not care particularly because they favor the summer date. Others fear a saloon trick, however, which has been used elsewhere and which would fasten the saloons on Maryville until December of next year even if the election was "against the sale."

Both of the saloons' license expire a short time after the date at which a June election can be held. When a city votes dry no license can be granted after that but all licenses in force remain until they expire. Licenses are not transferable.

Many of the "dry" workers believe that the two saloons would sell out a few days before the June election. The new owners would present legal petitions to the county court and city council which would make the granting of new six month's licenses mandatory.

May Seek to Call Charter Vote.

Another plan to block the February date has been mentioned but it is not to be feared, according to Mayor Wright. Many have believed that an effort would be made to bring an election in January on the new proposed third-class city charter. This would make the February liquor election date within sixty days of a city election.

Most lawyers believe that a special election like that would not block a liquor vote, but a better plan presents itself. The mayor will veto an ordinance calling for a special charter election. It would then take six votes to pass it over his veto and they probably could not be obtained.

The matter of a charter election may arise at the council meeting next Friday night but the adjourning will not be discussed probably. No other special business is contemplated at this time. Mayor Wright believes that the new charter should be presented at the regular city election in April.

A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS

Give "California Syrup of Figs" if Cross, Sick, Feverish, Constipated.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

The Gift Question

A GIFT, whether for Christmas, a Birthday, a Wedding or an Anniversary, should be some article of beauty, something that may be kept by the recipient. There is nothing more suitable and appropriate as a gift than Diamonds, Watches, Jewelry, Silverware, etc.

A Beautiful Bracelet Watch, a Diamond Ring, or a Diamond Pendant is a most acceptable gift and is something which may be retained for years, and the relative or friend will have possessed something of adornment that will prove a constant and perpetual source of pleasure

Disappointment frequently follows delay. You have probably been a victim of the habit of waiting until the last horn blows to shop for your Christmas Gifts, and expected to buy what was in your mind but nowhere in stock. This is the proper time to have us submit designs and estimates for that "idea." Your old family jewels can be melted down and wrought into your 1915 Christmas Gifts. Better not delay.

JOPLIN WOMAN IS

RESTORED BY REMEDY

Mrs. Hillman Took Treatment Two Years Ago—Has Been Well Ever Since.

Mrs. Ida Hillman of Joplin suffered from stomach ailments for twelve years. She followed the advice of several expert physicians and took a great deal of medicine. Two years ago she discovered Mayr's Wonderful Remedy—and she has been well since. Mrs. Hillman took but a few doses. She writes:

"I suffered with stomach trouble almost twelve years. I tried many doctors, but received no help until, while in Cleveland, Ohio, I read your notice in a paper and concluded to try Mayr's Wonderful Remedy. Since then I have felt like a new woman."

"I took only four bottles, but that was all that was needed to make me well. It has been almost two years and I have had no return of my trouble."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Kansas City Stock Market.
Kansas City Stock Yards, Nov. 29.—There was some shrinkage of values on nearly every grade of cattle last week, though declines were not severe on any kind. The supply today is 21,000 head, smallest Monday run in nearly three months, and the market is steady to 10c higher on killing cattle, and strong to 25c higher on stockers and feeders, the lower edge of the stockers and feeders getting most gain.

A feature brought out in the last week in the beef trade is that buyers will pay a firm price for prime steers, top \$9.40 today, but warmed up cattle sell at a larger margin below the prime cattle than heretofore. It is next to impossible to get by with counterfeits.

The warmed up cattle are selling at \$7 to \$8, and plain cattle that have been simply held up since pastures failed bring \$6.25 to \$6.75. Cows are scarce today and bring strong prices, best heavy cows, \$6 to \$6.65, good cows \$5.25 to \$5.85, canners \$3.75 to \$4.00, bulls \$4.75 to \$5.65, western bulls \$4.40 to \$5.00, veal calves \$8. to \$9.50.

There was a big drop in receipts of Iowa and Minnesota stockers and butcher cattle today, about 150 carloads arriving. These sold stronger, stock steers largely at 6.25 to \$6.75.

Hogs sold 5 to 10c higher today, receipts 12,600. There has been considerable revival in the order buying trade here in the last week, and packers also apparently need more hogs than they are getting. Top price today was \$6.77½, bulk of sales \$6.40 to \$6.70. Choice heavies bring the highest price, with medium weights close behind, and best lights not more than a dime below the others.

Hog receipts here show a decrease of 40 per cent so far this month from same days last November, and for the present the hog market has a strong appearance.

Sheep and lambs are in light supply, 5,000 here today, and prices are going up, 10 to 15c higher today. Best lambs here were some 78-pound Kansas fed westerns at \$8.90, most of the lambs at \$8.60 and upwards. Fat ewes are worth up to \$5.65, wethers \$6.25, light yearlings \$7.25, some weighing 94 pounds today, at \$7.00. Feeding lambs are scarce and sell at \$7.50 to \$8.25, feeding ewes around \$4.25, bred ewes up to \$6.50, feeding yearlings \$6.50 to \$7.00.

VOLUME 6.

MARYVILLE, MISSOURI, TUESDAY, NOV. 30, 1915.

NO. 154.

HOW DOES CITY COUNCIL STAND?

MUST HAVE SPECIAL MEETING TO CALL FEBRUARY ELECTION.

DRYS FEAR FIVE WILL OPPOSE ADJOURNMENT

Anti-Liquor People Also Fear Change of Ownership in June, Which Would Keep Saloons Until December.

Saloons in Maryville until a year from this month is still a possibility, even if the local option election does go dry. The process is so simple that it has all of the "no-license" men of the city wearing that "worried look." Here is the "modus operandi" which term as "Bill" Sawyers said at the Brotherhood meeting, all lawyers use and none know what it means. At any rate, here is the way the "dry" leaders believe that the "wets" are going to try to put it over.

All that is necessary to throw the liquor election over until June is for the council to refuse to adjourn to January 6. A call meeting is not legal for such a proceeding and the regular January meeting on the 7th will be too late.

It has been generally thought that the matter would become acute at the regular December meeting of the council next Friday night but the fact is that the real test of strength will come on the night of December 18. The council Friday night will vote to adjourn to that night because William Heller's saloon license expires then.

When that license has been granted on the night of December 18, the real question will arise as to whether the council will adjourn sine die to the next regular night or adjourn to the morning of January 6 for the purpose of considering a petition for the holding of a local option election.

Should five members of the council vote "no" on a motion to adjourn to the January date, no election can be held until June. On the other hand, if one of the five refuses to stand for the deal, it will be a tie vote and Mayor Wright's vote will decide for the adjournment.

Many of the opponents of the saloon would not care particularly because they favor the summer date. Others fear a saloon "trick," however, which has been used elsewhere and which would fasten the saloons on Maryville until December of next year even if the election was "against the sale." Both of the saloons' license expire a short time after the date at which a June election can be held. When a city votes dry no license can be granted after that but all licenses in force remain until they expire. Licenses are not transferable.

Many of the "dry" workers believe that the two saloons would sell out a few days before the June election. The new owners would present legal petitions to the county court and city council which would make the granting of new six month's licenses mandatory.

May Seek to Call Charter Vote.

Another plan to block the February date has been mentioned but it is not to be feared, according to Mayor Wright. Many have believed that an effort would be made to bring an election in January on the new proposed third-class city charter. This would make the February liquor election date within sixty days of a city election.

Most lawyers believe that a special election like that would not block a liquor vote, but a better plan presents itself. The mayor will veto an ordinance calling for a special charter election. It would then take six votes to pass it over his veto and they probably could not be obtained.

The matter of a charter election may arise at the council meeting next Friday night but the adjournment will not be discussed probably. No other special business is contemplated at this time. Mayor Wright believes that the new charter should be presented at the regular city election in April.

"Its The Early Order That Catches The Fast Mail"

Maryville, Mo., November 30th, 1915

A big holiday business is predicted. The backed up wants of millions of us will soon let go with a rush. Man can do but a given task. Crowded beyond that known limit he simply requires late-comers to line up and wait turns. You don't want to be a waiter in a long line. You don't want to be disappointed, demanding rush service impossible to give at such times. Dodge it. Don't put off buying until the flood of trade breaks. Do it now. To be ready for Christmas--that's the big thing. Make your purchases before the big rush. It's coming.

EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS

"Pape's Diapepsin" is Quickest, Surest
Stomach Relief Known—Try It!

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy, or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

SHIPPERS CAN COLLECT NOW

U. S. Supreme Court Overrules Railroads Seeking to Force Missouri Claims Before Federal Judges.

Special to The Democrat-Forum.

Washington, D. C., Nov. 30.—Announcement was made in the supreme court yesterday that the twelve trunk line railways of Missouri have abandoned litigation to compel the public service commission of Missouri to adjust the overcharge claims of the shippers, which amount to five millions, in the federal court of the state.

The shippers may now proceed to collect reparation.

A CHILD HATES OIL,
CALOMEL, PILLS FOR
LIVER AND BOWELS

Give "California Syrup of Figs" if
Cross, Sick, Feverish, Constipated.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

The Gift Question

A GIFT, whether for Christmas, a Birthday, a Wedding or an Anniversary, should be some article of beauty, something that may be kept by the recipient. There is nothing more suitable and appropriate as a gift than Diamonds, Watches, Jewelry, Silverware, etc.

A Beautiful Bracelet Watch, a Diamond Ring, or a Diamond Pendant is a most acceptable gift and is something which may be retained for years, and the relative or friend will have possessed something of adornment that will prove a constant and perpetual source of pleasure

Disappointment frequently follows delay. You have probably been a victim of the habit of waiting until the last horn blows to shop for your Christmas Gifts, and expected to buy what was in your mind but nowhere in stock. This is the proper time to have us submit designs and estimates for that "idea." Your old family jewels can be melted down and wrought into your 1915 Christmas Gifts. Better not delay.

Kansas City Stock Market.

Kansas City Stock Yards, Nov. 29.—There was some shrinkage of values on nearly every grade of cattle last week, though declines were not severe on any kind. The supply today is 21,000 head, smallest Monday run in nearly three months, and the market is steady to 10c higher on killing cattle, and strong to 25c higher on stockers and feeders, the lower edge of the stockers and feeders getting most gain.

A feature brought out in the last week in the beef steer trade is that buyers will pay a firm price for prime steers, top \$9.40 today, but warmed up cattle sell at a larger margin below

the prime cattle than heretofore. It is next to impossible to get by with counterfeits.

The warmed up cattle are selling at \$7 to \$8, and plain cattle that have been simply held up since pastures failed bring \$6.25 to \$6.75. Cows are scarce today and bring strong prices, best heavy cows, \$6 to \$6.65, good cows \$5.25 to \$5.85, canners \$3.75 to \$4.00, bulls \$4.75 to \$5.65, western bulls \$4.40 to \$5.00, veal calves \$8. to \$9.50.

There was a big drop in receipts of Iowa and Minnesota stockers and butcher cattle today, about 150 car loads arriving. These sold stronger, stock steers largely at 6.25 to \$6.75,

stock cows and heifers \$5 to \$6. Fair to good Colorado yearlings and two sold at \$6.50 to \$6.99 today, and choice panhandles are still quotable up to \$7.75, though none that were good were here today. Common grades of stock steers sell at \$5.50 to \$6.00. Choice stock cows and heifers bring \$5.50 to \$6.50, fancy white face heifers more. Shipments out last week were 31,000 head, as compared with 22,000 same week a year ago.

Hogs sold 5 to 10c higher today, receipts 12,600. There has been considerable revival in the order buying trade here in the last week, and packers also apparently need more hogs than they are getting. Top price today was \$6.77½, bulk of sales \$6.40 to \$6.70. Choice heavies bring the highest price, with medium weights close behind, and best lights not more than a dime below the others.

Hog receipts here show a decrease of 40 per cent so far this month from same days last November, and for the present the hog market has a strong appearance.

Sheep and lambs are in light supply, 5,000 here today, and prices are going up, 10 to 15c higher today. Best lambs here were some 78-pound Kansas fed westerns at \$8.90, most of the lambs at \$8.60 and upwards. Fat ewes are worth up to \$5.65, wethers \$6.25, light yearlings \$7.25, some weighing 94 pounds today, at \$7.00. Feeding lambs are scarce and sell at \$7.50 to \$8.25, feeding ewes around \$4.25, bred ewes up to \$6.50, feeding yearlings \$6.50 to \$7.00.
